Career Objective

Mern-Stack Developer with proven experience in helping companies create and maintain a better code base for reusability. Passionate about learning and development with a desire to apply skills on a larger development team. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

How I Learned

I am from a non-cs background. I learned web development from youtube and other sources. I practiced some project like e-commerce. Then I seek to work with an IT company with full confidence. I am also a quick learner. And I am honestly very passionate to write code
